**DESCRIPTION:** This oxbow lake, formerly part of the Mississippi River is located in Tunica County, Mississippi. The Cut-off was created in 1942 when the Hardin Point cut-off on the river was completed by the U. S. Army Corp of Engineers. The cut-off offers good fishing for many species of fish. The Mississippi River can be accessed on the lake's south end.

There are two bait/tackle shops available to anglers of the cut-off. Both Dub's bait shop and J.T.'s Bait Joint can be accessed by the north end of the lake.
